- Created and maintained the **Iekzeed Company Website**, improving brand visibility and client reach.

PROFILE

I'm a passionate and detail-oriented Full-Stack Developer who enjoys building reliable, high-quality web and mobile applications. I've worked across the full stack using modern tools and frameworks, and I thrive in collaborative environments where I can learn from others and share ideas.

I'm looking for a role where I can help build meaningful products, grow with new technologies, and make a positive impact through clean, maintainable, and thoughtful code.
